

11-20 March  
British  
Science  
Week  
2022

## POSTER COMPETITION

To celebrate British Science Week 2022, we are inviting you to get creative and make a poster about the theme 'Growth.'

This is part of a national competition run by the British Science Association.

There will be a prize for the best poster from each class and the 5 best posters from the whole school will be sent off for a chance to win bigger prizes in the national competition.

### Ideas to inspire your poster might include:

How do you think the world has grown?  
Growing flowering plants and vegetables.  
Famous scientists who have inspired growth.

How has our school or community grown?  
Life cycles and food chains.

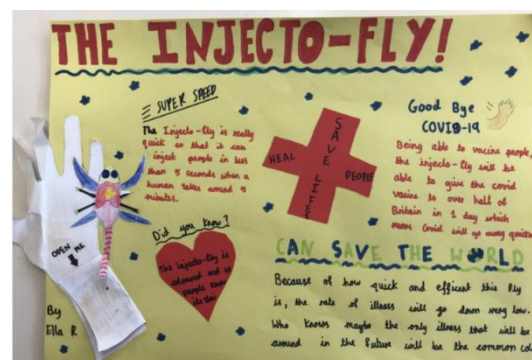

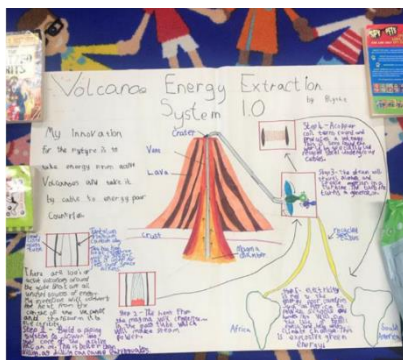

### Making your poster

Once you have done some research, you are ready to start your poster.

It must be:

- On either A3 or A4 paper
- 2d (flat) - if you make a model please take a photo and send that in as your entry.
- You can use materials such as pens, pencils, scissors, glue, watercolours, paint, colouring crayons, pipe cleaners, felt, thread, wool, foil, clay, string, beads, stamps, foam pompoms.

Here are some poster winner examples from previous years:

Please return your poster to school by Friday 1<sup>st</sup> April to be judged.

Good Luck!

Mrs Rodgers
