

Winter safety

The illustration depicts a winter scene with various safety hazards. A car with a cross on its side is driving on a snowy road. A snowman stands on the right. Several cartoon characters are shown in various states of distress: one is slipping on a patch of ice, another is falling into a hole in the ice, and a third is being pulled into a hole. A sign reads "DANGER KEEP OFF THE ICE". There are red circles highlighting various hazards like slippery surfaces, holes in the ice, and falling objects.

If you fall in, float or swim on your back. Throw something that floats to anyone who has fallen in.

Winter safety

This poster is designed to help you enjoy water safely in winter.

Winter Safety Advice:

- Pay attention to water safety signs
- Don't go on to the ice, it is not safe
- Never go on to the ice to rescue someone, try to reach them with an object
- Keep clear of the water's edge in case you fall in
- Never play in floodwater, you may get swept away or it may be deeper than you think

Contact RLSS UK to find out how you can become a Rookie Lifeguard and learn lifesaving and self rescue skills.
