Headteacher – Mrs P Atwal

Welcome back Class 2. I hope you all had a lovely Christmas holiday and are ready for the next half term.

Our Learning

Our topic this half term is 'Saving our Environment', which aims to help children understand about global warming and the importance of caring for the world around us.

English - Our core text for this half term is 'A DOT in the SNOW', by Corrinne Averiss. Within our writing lessons, we will be learning to write part of a short story, followed by a non-chronological report.

Maths – We will be continuing to learn about shapes, followed by money and then starting multiplication and division.

Geography – Linked to the book we are reading in English, we will be studying Ilulissat in Greenland.

DT – We are looking forward to developing our sewing skills to make red mittens.

Science – We will be learning about animals including humans.

PSHE – We will be learning about belonging to a community.

RE – We will be learning about Judaism and its beliefs.

Music – We will be inventing a musical story.

Computing – We will be creating robot algorithms.

PE – We will continue to have PE on a **Wednesday** and **Friday**. Please ensure your child is in the correct PE kit, hair is tide up and earrings are removed at home.

We are continuing with our Little Wandle reading scheme and your child will come home with a reading book and school library book each week. Please listen to your child read at home at least **three times a week** and we will change both books on a **Thursday**.

Please do not hesitate to contact me via the school office or at the end of the day if you have any concerns or questions.

Many thanks,

Miss Abbott
