**Executive Headteacher – Mrs P Atwal**

Welcome back Class 2. I hope you all had a lovely Easter break!

## Our Learning

Our topic this half term is 'Our Heritage'. This topic aims to help children understand the importance of our heritage in various parts of the world, as well as understanding the links between our local heritage and the wider world.

English - our core textbook is 'Paddington at the Zoo' by Michael Bond. In English we are going to be writing a short story, followed by poetry.

Maths - we will be starting fractions, followed by time.

Science - we will be investigating living things and their habitats.

Geography- we will be studying the human and physical features of London.

Art - painting landmarks of London.

PSHE - exploring health and safety.

Music - exploring improvisation.

RE - learning all about sacred books.

Computing - producing our own music through the use of a computer application.

PE - will continue to take place on **Wednesday** and **Friday**. Please can you continue to ensure your child is in the correct uniform, hair is tied up and any **jewellery is removed at home**.

Reading and library books will be changed on **Thursdays**. Please aim to listen to your child read at least three times per week. This is fundamental for your child's progress and learning, enabling them to build their fluency, vocabulary and comprehension skills.

## Homework

Your child's TT Rockstars login is at the front of their reading diaries. This is an optional website that the children can use to learn their times tables in a more fun and interactive environment. This will help aid the children throughout the multiplication and division unit in maths.

Please do not hesitate to contact me via the school office or see me at the end of the school day if you have any questions.

Many thanks.

Miss Abbott
